PROFESSIONAL EXPERIENCE

OMERS

Investment Analyst

Toronto, ON

August 2019 – Present

- Completing three eight-month rotations across Infrastructure, Ventures, and Private Equity as part of OMERS' first Investment Rotational Class

TD Securities

Investment Banking Analyst, Power and Utilities

Toronto, ON

September 2018 – December 2018

- Conducted thorough industry, company and regulatory analysis to provide background information on investment opportunities across multiple North American power and utility companies
- Initiated an evaluation process for one of Canada's largest utility companies by conducting credit and regulatory due diligence; forecasted capex and rate-base growth during the development of financial models for multiple subsidiaries
- Constructed financial valuation models including precedent transaction and comparable company analyses
- Spearheaded industry research for sustainable energy generation opportunities and presented findings to Seniors

Proposed acquisition of a core American utility asset (Terminated) – Exclusive Buyside Advisor

- Supported debt and financing due diligence to develop summary credit documents, including term sheets, amortization schedules and credit rating profiles for the firm's various credit facilities
- Analyzed the prospective buyer universe to provide a detailed outline of the universe of competition
- Prepared client materials to provide an overview of the company's debt structure, in addition to highlighting past historical performance (ROE, rate-base, capex, etc.), analyst views, share price performance and relative performance to peers
- Engaged in the process from inception to the ultimate loss to a strategic buyer

OMERS

Analyst, OMERS Infrastructure

Toronto, ON

January 2018 – April 2018

- Conducted financial analysis, supported multiple due diligence work streams and contributed to the development of investment committee materials for a large Canadian transportation asset
- Worked closely with Associates to develop discounted cash flow valuation models, revenue forecasts, and comparables and precedent transaction analysis on multiple opportunities across the Americas
- Supported company and industry research initiatives, compiling overview presentations across several infrastructure sectors including midstream, transportation, utilities and renewables
- Collaborated with Managing Directors to create a quarterly report to highlight performance metrics and emerging risks

US\$1.438B acquisition of a 50% interest in BridgeTex Pipeline Company

- Supported the deal-team with relationship and regulatory due diligence during the early stages of the opportunity
- Performed pricing analysis and liaised with industry experts during the preparation of investment committee materials

Ontario Teachers' Pension Plan

Analyst, Financial Management and Reporting

North York, ON

May 2017 – August 2017

- Produced and analyzed various derivative counterparty reports to monitor exposure and bilateral risk
